Department of Zoology (UG & PG) introducing
DBT Star College Scheme Sponsored Value Added Course on

Python in Biology: An Introductory Programming Course for Complete Beginners

Course Instructor:

Dr. Krishnendu Sinha, *Ph.D.*
Assistant Professor in Zoology
Jhargram Raj College

Course structure:

- Course duration: 19th Sep, 2020 to 11th Oct, 2020
(Two days a week, every Saturdays and Sundays)
- Timing: 4:30 pm to 6:30 pm

Instructions for the participants:

Registration is free

For registration you are requested to fill the registration form

All registered candidates must join the Telegram group by clicking the icon given below

Registration window will remain open from 10/09/2020 (10 AM) to 17/09/2020 (6 PM)

This course is designed for absolute beginners. Hence it does not require any prior knowledge about programming languages. However, very basic computer knowledge/skills and curiosity to learn something absolutely new would be of great help! After successful completion of the course you will be able to read and write simple and basic code in Python. *Students other than biology streams are also welcome.*

E-certificates will be issued to participants upon successful completion of final project (details will be shared in the telegram group)
