## Attendance

## Webinar on “Doing Local History” on 07.10.2021

### Report

The Department of History organised a virtual students' seminar on the local history of the Jangal Mahal region, providing a unique learning opportunity for our students. The event, held over Google Meet on 7th October 2021 from 10.30 am, aimed to explore, investigate, and document the neighbourhoods. Often, history is taught with a focus on national and international events but ignores the places students engage with most: their neighbourhoods. Involving students in local history not only helps them to learn to analyse their place in more significant events but also inspires them to delve deeper into their studies. By understanding their part in history, people become directly involved in their studies of the past. By focusing on local history, students of the department learnt to question history as it has been taught and history as it is being made around them. The department's students were the prime motivators and organisers of the seminar. Student participants from the department formed sixteen groups and presented their research papers. The total number of teacher and student participants was 71.

Webinar on “Bapu-Subhash Samparko: Pita-Putro Naki Pratwidandi? Bangalir Gujober Rajnitir Koyek Doshok” on 08.10.2021

## Report

The History Department organised an online extension lecture on ***Bapu-Subhash Samparko: Pita-Putro Naki Pratwidandi? Bangalir Gujober Rajnitir Koyek Doshok*** on 8th October 2021, at 11 am. The talk, which was in the form of a presentation followed by a Q&A session, was delivered by Shri Debraj Ghatak, Project Fellow, Jadavpur University. The number of participants who turned up for the online event was 50. Gandhi-Subhash Bose's relationship has been a favourite topic of discussion among the common people of Bengal. This online discussion sought to debunk some of the myths surrounding the so-called contentious relationship between these two prominent figures of the national movement. As expected, the discussion elicited various intellectual responses from participating teachers and students. The speaker tried his best to answer the questions raised by multiple participants, but there still remains room for further discussion on this theme.

Notice

The Department of History, Jhargram Raj College, cordially invites you to an online Extension Lecture by Debraj Ghatak, Project Fellow, Jadavpur University on

**বাপু-সুভাষ সম্পর্ক: পিতা পুত্র নাকি প্রতিদ্বন্দ্বী?  
বাঙালির গুজবের রাজনীতির কয়েক দশক**

সুভাষচন্দ্র কে নিয়ে বাঙালি মানসে আবেগ খুব কম নয়। ইতিহাস লেখার ধারা বিশ্লেষণ করলে দেখা যায় তা নায়কের ইতিহাসই মনে রাখতে চেয়েছে। প্রয়োজনের খাতিরে নায়ক তৈরী করেছে। অবিনির্মাণ করেছে অন্য অনেক নায়কের ইমেজকে। আশ্রয় নিয়েছে গুজবের। এই বক্তৃতা মূলত সেই অবিনির্মাণের পর্যায়কেই ছুঁয়ে দেখার চেষ্টা করবে। বাঙালির কয়েক দশকের গুজবের ইতিহাসে দুই রাষ্ট্রনায়ককে এক সূত্রে গেঁথেছে। সেই গ্রন্থন পর্যায়ের একটি পর্যালোচনার জন্যই এই বক্তৃতার অবতারণা।

Date: 8<sup>th</sup> October 2021 | Time: 11.00 am

**Report**

Online programme of Summer School on “Advanced studies on Zoology in the perception of current development”

**Mission & Vision:** Jhargram Raj College, being a Government institution, offers quality education programmes at UG as well as a few PG levels under Vidyasagar University and plays an important role in spreading education in the so called backward ‘junglemahal’ area. Many students of this college come from extremely poor families and under-privileged sections of the society from remote rural areas, and are often the first-generation learners. Their requirements are quite different from that of the students belonging to middle class and comparatively well-to-do urban families. To achieve what is required of it, Jhargram Raj College functions accordingly to impart good and quality education in particular and contribute towards social welfare in general. The college has received the prestigious DBT Star scheme to enhance the quality of the learning and teaching process to stimulate original thinking through ‘hands-on’ exposure to experimental work and promotes networking and strengthens ties with other institutions and laboratories. The Summer School Programme was one of the executions of this scheme and provided an exposure to the students to get the benefit of different subject experts from different colleges, institutes & universities through on line lectures and demonstration of several parts of the syllabi. The course also fulfilled partially the least covered part of the syllabi by experts from different academicians including JRC Faculty members.

**Duration & Class time:** 10 days (from 14.6.21 to 24.6.21- excluding 15.06.2021), from 11 AM to 2 PM per day, i.e. an average of 3 hours per day and a total of 30 hours course programme was organized through online platform (Google meet). There was an evaluation system, on the basis of which, the certificates were given to the participants.
